To Whom It May Concern,

I own and operate Boulder Bikes in Ashby, Massachusetts. As a local business owner close to Townsend, I am writing to support the Rail Trail project.

The Squannacook River Rail trail will be a beneficial addition to the town of Townsend and the surrounding area. The idea of a rail trail in such a beautiful and accessible spot will allow people the opportunity to walk, bike and run without traffic while enjoying the scenery. It will draw people to Townsend and will increase revenue for local businesses.

I fully support the Squannacook River Rail Trail.

Sincerely,
John Hanley
